

**EUROPEAN
EARLY
INNOVATORS
INITIATIVE**

Call for applications:

RESEACHERS WANTED

for business partners

If you answered to most of the questions with YES, than proceed further:

European Early Innovators Initiative (EEII) is a project mainly funded from Danube Strategic Project Fund, initiated by competent actors from 4 countries (Romania, Italy, Ukraine and Slovakia) and which resulted as an opportunity to diminish gaps in the current situation from Danube region when it comes to innovation and research in terms of market needs.

Project partners:

Lead Partner - Steinbeis Transfer
Management from Romania
Area Science Park (Italy)
Common Regions (Slovakia)
Steinbeis Ukraine

together with

Strategic partners:

European Development Agency
Uzhgorod National University
(Ukraine)
University of Udine (Italy)

open process of selection for

9 researchers

who are currently at the university or who have received their PHD degree not longer than 3 years ago and who will benefit from:

- Flight tickets and accommodation in Trieste (Italy);
- Tailor-made coaching session on their presentation;
- Promotion of their projects before and after session in Trieste (Italy).

How to apply?

Please submit:

a. (mandatory) project description (presentation) which includes:

- Brief description of the idea/prototype;
- Business sectors of application;
- Explain why it is feasible;
- Prove it`s feasibility by naming companies that might be interested;
- Write briefly what are the results in case you have tested it;
- Other data that you consider it relevant.

b. (not mandatory) Short motivation letter

This will be a selection criteria in case of projects being at the same level of quality.

Please send us the project description (and motivation letter) at:

bucharest@steinbeis-romania.com

Subject: Application for EEII workshop in Trieste, (name), (country)

In message, we would like to have:

*Name, Surname, phone number, e-mail that you check constantly
LinkedIN profile (or CV attached)*

Make sure that LinkedIN profile is complete and visible to searches.

Dates:

Preferred deadline: End of September 2018

Event in Trieste: November 2018

Further information:

Current call is a proving tool for European Early Innovators Initiative and it is part of the implementation of the project.

This is a great opportunity for researchers to be introduced to companies and thus to see their ideas, projects or prototypes put in practice at a higher level in order to improve technologies or processes.
