Youth for science, youth for business, science for business

Good practices: policy measures for circular economy and eco-innovations:

- ✓ National Waste Management Plan supported by:
 - the methodology for the financing rules to implement the ‘polluter pays principle’ (Ecoteca, 2016);
 - subsidy for the recycling industry;
- ✓ [SME Initiative](#): in partnership with European Investment Bank, framework in which [3 agreements](#) were made in order to address to circular economy:
 - [GreenFiber](#) – biggest EU PET recycler is already in the program;
- ✓ [Rabla 2018 programme](#): used car owners are provided with eco-cheques of up to 10,000 Euro (not more than 50% of the value of the car), in order to purchase an electric car, or 5,000 Euro to purchase a hybrid electric car;
- ✓ City of Iasi – Strategy towards the zero-waste city focusing on:
 - investing in infrastructure for separate collection at source of three types of waste: recyclables, compostable/biowaste and residual waste;
 - Set up of a Municipal Waste Collection Center;
- ✓ Generic tax reductions of 20% for companies undertaking R&D;
- ✓ [Green House” programme](#) - supports households replacing outdated heating systems /purchasing new heating systems based on renewable energy¹.
- ✓ [Multianual National Programme for Microindustrialization](#)
